

NMCA Customized Placard Order Form

NMCA has created a standardized show placard for members to use during car shows and display events. Placards measure 12" x 18" and are full color.

Each placard is customized for your Corvette.

You have three areas to customize:

Section A will be model & year

Section B will be owner name (limit of 17 characters)

Section C will have vehicle information (limit 7 lines, and 37 characters per line)

Any other changes to placard will result in higher production fee.

Cost of each placard is \$15.00, plus tax.

You have two choices to order:

Complete this order form and provide to NMCA (you will be responsible for payment once placard is delivered), or place your order directly with The Color Spot, 892-2444, 3771 Southern Blvd, Rio Rancho.

The Color Spot may require advance payment for direct orders.

Placard will NOT be mounted for you. Mounting, if desired, will be your responsibility.

1/8" foam core is suggested and available at Wal-Mart, Target or any hobby store.

Use spray adhesive – do not use liquid glue. Liquid glue will provide substandard end result.

Spray form core, lay placard on foam core carefully, and gently apply pressure working out from center.

When dry, trim foam core with razor blade or very sharp knife.

Information needed from you: (please print all information clearly)

Your name (person placing this order) _____

Contact phone where you can be reached if there are questions about this order _____

Date when your order was submitted to NMCA or The Color Spot ____/____/____
