

2006 ❖ \$30,000

Before we purchased this in 2021, we had it inspected by the Corvette master mechanic at Galles Chevrolet. It passed with flying colors. No accidents, no mechanical issues, and no open recalls! I've changed out all of the fluids with OEM: Differential, transmission, coolant, and brake fluid. I did a complete interior and engine detail and spent 14 hours correcting the paint to remove about 90% of the scratches. I've detailed the complete exterior, including the underbody, and applied ceramic coating to the paint. It shines, inside and out, and we get compliments everywhere we take it.

Corvette enthusiasts love the body lines and curves of the C6. This is a beautiful, well-taken care-of car. It's never been in the rain and is kept in my garage and hooked up to a trickle charger. The car has a clean title and we own it. Asking \$30,000.

Gorgeous, Torch Red 2006 Chevrolet Corvette Convertible, C6, RWD, V8, LS2 - 400HP LT3 preferred equipment package, and only 35,002 original miles.

Michelin Pilot Sport A/T tires: Rears are 285/35ZR19s and fronts are 245/40ZR18s - both correct sizes & in great shape! The LT3 preferred equipment package is complete with a power convertible top, push-button start, automatic with paddle shifter, leather seats, and heads-up display.

In addition, we've added:

New Interstate battery, Vette Lights LED marker lights, Vette Lights LED sequential Eagle Eye tail lights, Front bumper skid wheels, Rocker panel skid rails, Scrape Armor front bumper saver, OEM spark plugs and wires, Painted ZR-1 rear spoiler, Lighted Wind Restrictor, Elite Engineering oil catch can, OEM shifter cable, Evolution Z26 Drilled, Slotted & Zinc Plated Rotors, Evolution Z26 Carbon-Fiber Ceramic Brake Pads

Price: \$30,000
