The first order of business was to recognize any guests at the meeting. **Lloyd Faust**, a car collector new to our area, introduced himself and told us about some of his cars.

Ron Rymarz then gave our Treasurer's Report-As of this date we have \$6133.39 in our council checking account.

Our next order of business was to discuss the Detailing Class that was put on by **Michael Maestas** at the Old Car Garage in August. Most thought the class was very informative and that **Michael** did a good job presenting the information.

The Old Car Club of Albuquerque was given a certificate of appreciation for the number of their cars that recently participated in the EAA Air Show held in Moriarty earlier this month.

Old Business-Front License Plate Proposal- The New Mexico Council of Car Clubs is opposed to this proposal and has sent a letter to Governor Richardson stating their position on this proposal. Member clubs are encouraged to do the same.

New Business-Annual Swap Meet-September 22-24, 2006 in Los Lunas. **Joyce Clements** brought everyone up to date about where we stand with our Annual Swap Meet. She said that we had sold a number of spaces already and that we were still receiving a lot of calls on a daily basis. **Joyce** also talked about the Volunteer's List and that all volunteers would receive free lunches on the site.

Joyce Clements also talked about the car shows that are being held in our area in October and November. She made special mention of the "Rolling Thunder Car Show" sponsored by Radio 1600. This show was rescheduled from an earlier date. The new date is November 4, 2006 and it will be held at the Unser Museum on Montano Boulevard.

Joyce Clements also asked **Paul McLaughlin** if the "Donut Derelicts" car meets are still being held since the Krispy Kreme Donut Shops are all closed. **Paul** replied that some car guys are still getting together on Saturday mornings at the Raley's Supermarket coffee shop at the corner of Candelaria and Juan Tabo. **Paul** will try to contact **Jim Demick** for further information.

At this point since there was no other business to discuss **Bob Agnew** brought the meeting to a close.

Respectively,
Paul G. McLaughlin

Swap Meet Report: Preliminary numbers are that we sold 236 spaces and took in over \$5000. We have one or two expenses still outstanding. The meet was very successful, and there were a minimum of problems. Thank you to all the volunteers who took a turn at registering, supervising, directing traffic and running the Council space. The committee will meet with Los Lunas representatives this week. A full report should be available at the Council meeting. - **Joyce**
