

January 2009

EDITORIAL

Start of a Great Year with NMCA

January offers a new beginning and a new chance to enjoy the club. I hope all members will participate in the coming events and volunteer ideas and help to the officers. We are all pretty new at running this club and would really appreciate the help.

WOULD YOU BELIEVE?

Those of us in our late youth may remember a little car from Renault called the Dauphine. It was an under powered French answer to the VW Beetle built from 1956 to 1967. Time magazine called it "The most ineffective bit of French engineering since the Maginot Line," in their 50 Worst Cars of All Time list. The scariest thing about this car is that it was originally to be named the CORVETTE! With a 0 – 60 mph time of 32 seconds it would hardly have fit the name.

COMING ATTRACTIONS

The Supnationals 2009 will be held February 6-8, 2009 at the Lujan Complex of Expo New Mexico. Come on out to see club members Corvettes in the NMCA display and the incredible slew of rod and custom cars from around the southwest.

Be sure to keep checking the website under Events Schedule for further details on all upcoming events/functions.

NEWS YOU CAN USE!
