Mark reported for Ron Scott that the NCCC is sending out information and if you are not receiving the material you may have choose to opt out of mailings. If you wish to receive, please make sure you update your information.

The NCCC is looking to support a different charity for this year. The charities that have been submitted are Shriner's Children Hospital, St Jude Children's Research Hospital and Lions Club International. The club's choice was to support St Jude Children's Research. This information will be passed on to Ron Scott to turn in at Governor's meeting.

Mark reported that Fuddruckers's does not make reservation for dinner in the meeting room on Friday or Saturday nights. It was suggested that maybe we could go as a group after the April meeting. We are on the lookout for a possible place to have our meeting and eat dinner if anyone has any suggestions.
