Mark President

Stated that the Progressive dinner went very well. We thank all the members who hosted the dinner. We all enjoyed the food. The view from the Espander was beautiful.

The Haydu's neighbor's thought it was a car show when they saw the Corvette's. The dessert was hosted by the Kitts out on the back Patio. Was a very nice evening! Thank you all

September 10, 2016 Activity. We sent a Thank you to Frank Brown in Los Lunas for allowing us to tour his wonderful Car Museum. He also had some great stories to tell about his history as a prop man in Hollywood. We ate at Apple Bee's for Lunch. Was a great day!

Sunday September 18, 2016 The club took down the shed at Shane's office. There has been several burglaries and damage done to Shane's building. The club thought it was best to take down the shed. Steve Haydu brought what the men felt they would want to his office. After the hard work a few members took advantage of the beautiful day and had lunch at Los Cuetos.

Ron Scott

Went to St Louis for NCCC They have decided to have either 5 year membership cards or Lifetime membership. In order to track the cards you would need to look on your computer or phone to make sure their dues are up to date. The reason for the change is to save money on sending out new cards each year.
