Bob and Maggi Attended the function at the Museum this year in Bowling Green. They also purchased the Brick in honor of Brenda Butting. The brick says In Honor of Brenda Butting Based on the money they collected that's the brick that was purchased. At the museum is a plaque stating that we purchased an acre on the track at Bowling Green. We have until August of 2018 to finish paying for the acre. Maggi and Bob will give a report at the October general meeting on the Acre and also about the brick purchased in honor of Brenda Butting's name.

The board also discussed whether or not to do Super Nationals this coming year 2018. They also discussed up and coming elections. There will be elections this year. Most of the people who hold offices are not going to do it for the up and coming year. They have held these offices for a number of years. We need our membership to consider one these positions to help out the club
