Officers report

Not getting a good response for this weekend's event due to potentially poor weather.
Next week's centennial cruise, 3-14-21 to nowhere is 100 miles and is an opportunity to stretch your Corvette legs.
Covid masks are required when members are gathered.

Membership cards

Produced annually except for 2020 and 2021. Discussion on the future tabled for now

Ambassador for new member discussion

A spirited discussion covering why people join, how to make new members feel welcome, opportunity for giving advice, camaraderie, meeting other people with common interests, cruising, Vetting or just let anyone join who pays the dues? Bottom line, people join for a variety of reasons.
It was noted that Mary and Rich do a good job now with new members making them feel welcome with individualized attention and follow up.

Rich noted that events and participation is more prominent with new club members as opposed to long time members.

Covid was noted as an obstacle to meetings and group activities

Art had an idea to have members be able to "show their" cars somehow. Possibly on a scheduled club call.

When we can meet next in person, the club should consider making it "special". Possibly paying for a meal.

NMCA meeting adjourned slightly after 8:00pm

Respectfully submitted

Jay Gastelum
